

KENTUCKY MAKES PROGRESS IN CON- TROL OF RED PLAGUE

Rankings of Kentucky Towns in Efforts
To Control Venereal Disease
Are Announced By the
Government.

Louisville with a score of 487 leads the towns in the state in the number and efficiency of the measures taken to control venereal diseases. Lexington with a score of 377 is second while Newport 138, Ashland 117, Paducah 113, Owensboro 114 and Covington 91 are next in order. Charleston made 551 points, Wheeling 348, Richmond 510, Baltimore 414, Chattanooga 587, Memphis 578 and Oklahoma City 706.

These ratings are disclosed in a recent survey made by the U. S. Public Health Service of the 444 largest cities of the country. The scores are based upon a possible 1000 points. The data obtained were in answer to approximately 300 questions regarding medical, legal, educational and general cooperative measures in force in these communities on February 1, 1920.

Authorities issuing the report call attention to the fact that the grades by no means indicate the amount of venereal disease existing in these various cities. Some cities may be graded high because they have had no much venereal disease and prostitution that it has been necessary to inaugurate vigorous measures for combating them, while some small cities may be graded low because it has seemed unnecessary to them to establish clinics and adopt the other measures for which high grades are awarded.

Portland, Oregon, with a grade of 795 made the best showing. Six other cities grading over 700 are Salt Lake City, Grand Rapids, Des Moines, Tacoma, San Francisco and Spokane. Of the ten cities graded as having 500,000 or more inhabitants, Detroit leads with a score of 684; Los Angeles second with 670 and New York third with 627. Baltimore is sixth with 414 and Chicago seventh with 408. Washington scored 474 points.

The Public Health Service announces that another survey will be made of the same cities early in 1921.

FLMINGSBURG MARKET OPENS JANUARY 4.

At a meeting of the warehousemen on the Flemingsburg market held this week, it was finally decided to hold the opening sale on that market on January 4th.

LOCAL ELKS TO HOLD LODGE OF SORROW SUNDAY

Memorial Services of Local Elks Will
Be Confined to Membership
—No Public Service.

Next Sunday is Memorial Sunday among the lodges of Elks throughout the country and in every lodge of Elks there will be a suitable Memorial service in memory of the members of the order who have died during the year.

It has been customary for the local order to hold an open session on that day with a eulogy by some prominent Elk and special music by some celebrated artists but this plan has been abandoned by the Mayville lodge this year and instead of this public service, the order will hold a "Lodge of Sorrow" at Elk's home in the old State National Bank building beginning at 2:30 o'clock. They request all members of the order to be in attendance.

There will be no out-of-town speakers for the occasion but members of the local order will deliver short addresses.

There has been no member of the local order to die during the year just closed.

NOTICE.

The People's Building Association will open its books for subscriptions to its fifty-third series of stock on December 1st, 1920. No initiation fee nor monthly dues will be charged; thus offering the public an unequalled opportunity for the investment of earnings. Apply to E. A. Robinson, President; C. C. Dobyns, Vice President; A. G. Sulser, Secretary; W. A. Munzing, Treasurer; or W. H. Rees, Attorney; or any one of directors: W. T. Cummings, A. H. Thompson, John M. Hunt, S. P. Browning, W. L. Traxel, Chas. B. Hollstein, Wm. Trout, or James M. Riley.

BIG SALE ANNOUNCED.

In another part of this issue will be found the announcement of the Mayville Suit and Dry Goods Company's big sale. This announcement contains most interesting information at this season of the year. There is no question but that the sale will be largely patronized.

LOCAL ORATOR TO SPEAK TO THE DANVILLE ELKS.

Hon. A. G. Sulser, of this city, will deliver the eulogy on next Sunday evening at Danville for the Danville Lodge of Elks, next Sunday being the Elks' Memorial Day throughout the nation.

MOTOR LICENSES MUST BE OBTAINED BEFORE NEW YEARS

Registration of Automobiles Is Begun
at County Clerk's Office—Over
Two Thousand To Be
Registered Here.

Work at registering automobiles and motor cycles in Mason county was begun at the County Clerk's office here this morning. Formerly the licenses were obtained from the office of the Commissioner of Motor Vehicles in Frankfort, but that office was abolished by a law passed by the last Legislature and the duties of the office transferred to the State Tax Commission.

Although the registration of the machines was begun in Mason county this morning, as required by law, the new taxes cannot be issued as County Clerk Owens has not yet received the supply for Mason county. He is urging all owners, however, to call at the Clerk's office and fill out the necessary application so as to relieve the great rush when the taxes do arrive.

Chauffeurs as well as owners must obtain licenses from the County Clerk. The time is limited from today until New Year's Day to register and obtain licenses.

Mason county has more than 2,000 automobiles, not including motor trucks, motorcycles and other motor vehicles. The license numbers in this county will begin with 122,351. The tax rate for licenses is fixed at five cents per horse-power.

The fee for trucks was made \$22 for one-half-ton vehicle, \$30 for one-ton, \$40 for one-and-a-half-ton and \$10 per half-ton additional up to a five-ton truck and over, which must pay \$150 a year.

According to the records in the office of the State Tax Commissioner there are 162,200 measure cars in the state, 28,050 trucks, 2,870 motorcycles, 2,240 dealers and 28,050 chauffeurs' licenses.

TAKE NOTICE

AUTOMOBILE, TRUCK AND MOTOR- CYCLE OWNERS.

Under the new state law all such owners must take out their licenses by January 1st, 1921, from the County Clerk. To do this on time we would request all such owners to come to the County Clerk's office at Mayville, Ky., within the next ten days, get their application blanks, and fill same out, as with our limited office force, we will be unable to do this work on time unless the applications are filed out within the next ten days.

J. J. OWENS.

1 Dec 31 Clerk Mason County Court.

DR. Wm. Mc G. BLAINE.

Recently notice was made in our columns, of the sudden death of Dr. William McGranaghan Blaine, of Youngstown, Ohio, who was born in Mayville in 1872.

He was the son of John E. Blaine, still remembered in this community as a model citizen and who is now a retired capitalist, living in Cincinnati, Ohio.

Dr. Blaine was a citizen of Youngstown, Ohio, and we have seen copies of the journals of that city giving the high estimate in which he was held and the universal regret at his death. He would have been 48 years old the day this was written—December 2. He had been a successful practitioner at Youngstown, and on breaking out of the war went into the service of his country returning to his practice at the close of his service. "Whom the Gods loved die young." Though young in years, he had finished his life work and is called to his reward.

MR. SLACK'S FUNERAL TO BE HELD FRIDAY.

The funeral of Mr. J. R. Slack, who died Wednesday noon at his home on the Germantown road, will be held from the Lawrence Creek Christian church Friday morning at 11 o'clock and burial will be made at the K. of P. cemetery at Germantown.

BAPTIST PRAYER MEETING TONIGHT.

The regular weekly prayer service will be held at the First Baptist church this evening at 7 o'clock. The service will be in charge of the pastor and the study of the book of Acts is being continued. The membership is urged to attend and the public is cordially invited.

COUNTY CLERKS HAVE BIG DECEMBER JOB.

The month of December promises to be the busiest month of the year for the County Clerk and his deputies. Besides issuing some two thousand dog licenses, the clerks this year will be required to issue a large number of automobile licenses during this month.

PRAYER MEETING.

Prayer meeting at Third Street M. E. church this evening at 7 o'clock. This meeting will have an important bearing on the revival and every member should be on hand. The Sunday school superintendent would like to meet the officers and teachers at the close of the prayer meeting.

MRS. HAMPTON HURIED TODAY.

Mrs. James Hampton, who died from burns, was buried this morning in the Mayville Cemetery. The funeral was held from the home in Carmel street.

FEDERAL DRY FINES IN THIS STATE \$60,000

Over 150 Violators Are Fined—Several Farms Reported Sold to Pay Penalties Imposed.

"Bootlegging" and "moonshining" is becoming expensive, approximately 150 alleged "shiners" and "leggers" in Kentucky have been discovered.

"Licenses" for both offenses have caused the sale of several farms and the attachment of much property throughout the state, officials of the Internal Revenue Department, at Louisville, said yesterday.

The entire bill of assessment will be more than \$60,000, it is said. In several instances the bills have been as high as \$4,000 and the minimum has been \$500.

Under the Internal Revenue laws, a violator of the Volstead Act becomes liable for a wholesale liquor license and penalties in case he is selling liquor, and for a distiller's tax and penalties where he is caught with a still.

Many of those facing the new penalties have paid fines for violation of the Volstead act in the United States District Courts.

Colonel J. Barbour Russell, manager of the Boys' Band, announced today that a free band concert would be given at the Washington Opera House on Christmas Sunday at 2:30 p. m. The new band will at that time make its first public appearance, playing a number of its selections and the band will be no admission charged and no collection taken.

MRS. THOMAS F. McHUGH DIES.

Mrs. Thomas F. McHugh, of Flemingsburg, died Thursday morning at her home. She leaves three sisters, Misses Elizabeth and Nannie Rynn, and Mrs. M. J. Bree and two brothers, John K. and Raleigh H. Ryan.

Funeral at 9 o'clock from Catholic church Saturday morning and interment in Flemingsburg Cemetery. A large circle of friends remain to mourn her loss in Mason county.

EDUCATORS INSPECT CITY SCHOOLS TODAY.

The visiting educators who are this week making a thorough survey of the Mason county schools spent today in inspecting the Mayville schools. The First District, Forest Avenue and Center Grades were inspected this morning and the High School and Colored schools were inspected this afternoon. The county survey will be completed tomorrow.

There will be no meeting of the Woman's Club this week. The next meeting will be held December 7th at the library.

Mr. James Hefflin and bride are visiting his mother, Mrs. Mary Hefflin, of Fifth street.

EXPERTS SAY BUR- LEY WILL BRING FAIR PRICE THIS SEASON

Lexington Leaf Men Believe Situation
This Season Will Not Be As
Bad As Many Had Feared
As to Prices Paid.

Lexington, Ky., Dec. 12.—The opinion is expressed by some of the leading warehousemen and representative tobacco growers here, who have made a careful study of the burley tobacco situation, that there will be no attempt on the part of the big manufacturers to obtain the 1920 crop "for a song," as some of the growers seem to fear. Evidence of a light crop throughout the burley belt continue to be seen in reports from all parts of the burley district.

Half a dozen men, including J. C. Stone and J. Morgan Gentry, large growers of tobacco and warehousemen as well, expressed the conviction that the buyers would not care to kill deliberately their future source of supply by unfairness toward the tobacco growers this year for a temporary advantage. Half a dozen large growers interviewed expressed the opinion that the acreage next year would be considerably reduced in any event, each tenant planning what acreage he can care for himself without depending on expensive and not always dependable labor to look after the crop.

"The actual size of the present crop, in my opinion, will make good prices if the growers handle their tobacco properly," Mr. Gentry said. "All the low grades bought last year by brokers for foreign markets still are in their hands. Because of conditions in Europe there is no demand and will be no demand for that class of tobacco this year. The belief has

SOUTHERN MARKETS CONTINUE TO BE SLOW

Averages of Eight Sales Centers for
Week Show Southern Market
Still Low.

The Carolina and Virginia tobacco markets have not recovered from the early season price slump despite radical changes in the situation, according to reports received by the Burley Tobacco Growers' Association from its correspondents in the Southern markets, Wednesday.

Averages in eight principal Southern markets for the week ending November 18 were given as follows:

Wilson, N. C., \$29.99 a hundred.
Henderson, N. C., \$23.20 a hundred.
Warsaw, N. C., \$18.00 a hundred.
Kinston, N. C., \$22.00 a hundred.
Oxford, N. C., \$28.00 a hundred.
Danville, Va., \$29.13 a hundred.
South Boston, Va., \$27.00 a hundred.
Durham, N. C., \$27.30 2-8 a hundred.
The average at Henderson in 1919 for the same period was \$79.10, at Oxford \$56, and at Durham \$58.15.

prevailed that brokers fixed the price of this tobacco. That is all wrong. The price has been governed by the law of supply and demand, just as the price of good tobacco has been governed since there was real competition in buying. Even scraps brought in a good price for the last few years. I have not been able to get an offer for mine this year. If growers dump on the market grades for which they know in advance there is no demand, they are not only out down the price of the good tobacco they offer, but the price of everybody else's tobacco." Doctor Halley said that in his twenty-two years of experience in the tobacco market he had never seen a crop that weighed up so light as that of this year.

EAGLES NEST WILL BE LIVEST PLACE IN MAYSVILLE TONIGHT

Class of Twenty-Eight To Be Initiated
and Grand Street Demonstration
Will Precede Meeting
At Hall.

The liveliest place in Mayville this evening will be the nest of the local order of Eagles located on Second street between Market and Limestone. Another big class of candidates will be initiated and the initiation will be followed by one of those famous Eagle's social hours with lots of good things to eat.

Some time ago a special dispensation was granted permitting the local order to take candidates for an initiation fee of five dollars. The first class was made up of twenty-six candidates and the class which will be initiated tonight numbers twenty-eight.

The meeting tonight will be preceded by a great street demonstration beginning at Eagles hall at 7 o'clock. Plenty of red fire has been purchased to light the path of the paraders. The big parade will be headed by the Mayville Boys' Band and members of the order and candidates will march. There will be a donkey, a goat, several eagle cages and other interesting things in the parade and those who miss seeing it will miss a rare treat. The entire parade will be under the direction of "Grand Eagle" Thomas A. Higgins and this is enough to say that it will be a great success. The local order of Eagles, although one of the youngest local orders is at present one of the strongest and is growing probably more rapidly than any other organization in the city.

TAX LAWS TO REMAIN
UNTIL AFTER MARCH 1

Meantime Republicans Make Study of
Subject and Form Program
For Special Session.

Washington, D. C. — In the opinion of Senator Penrose, Chairman of the Finance Committee, communicated to senatorial colleagues here and to influential members of the Ways and Means Committee, no attempt should be made to repeal the excess profits tax or amend the revenue laws until the special session of Congress, which President - Elett Harding has announced that he will call soon after March 4.

Senator Penrose said that in his opinion anything that might be done by the Republican Congress along these lines would probably be vetoed by President Wilson, and, therefore, it would be a waste of time for the Republicans to attempt to carry into effect party policies during the final months of the Wilson administration.

"It may be wise not only to repeal the excess profits tax, but to simplify tax forms for the calendar year 1920," said Senator Penrose, "but I do not believe that the consensus of opinion in Congress would favor undertaking the repeal of any taxation schedules until the Republicans enter into full control of the Government. I myself favor simplification of the tax forms so that the taxpayer can know what he has to report. I hope that we may do this before the taxpayers are required to make the 1920 report."

Senator Penrose further indicated that no advantage could be gained by repealing the excess profits tax at the coming session, as Congress undoubtedly would not favor repealing the tax for the calendar year 1920, and there was sufficient time to repeal it at the special session, when other features of the revenue law would be considered and general revision might be undertaken.

"There is such a demand from business men for repeal of the excess profits tax, supplemented by the recommendations of Treasury officials, that there is reason to believe that Congress will not delay action until the whole subject of tax revision can be undertaken. It is the opinion of those concerned with taxation matters that this tax will be repealed early in the special session so that the tax need not be collected for 1921. This must be done in the summer of 1921, or, according to Secretary Houston, it will be necessary to collect the tax for that calendar year.

What is puzzling the authorities is how to find a substitute for this tax. There is no argument against its repeal. In the Ways and Means Committee last session, R. C. Leffingwell, then Assistant Secretary of the Treasury, suggested that the income tax might be increased to provide revenues coming from excess profits. This view was opposed by the committee, which was nearly read to accept a tax on sales and real estate transfers. Many object to a sales tax.

Another suggestion is to repeal the profits tax without trying to supply another source of revenue to take its place. In such a case the expenditures of Government must be reduced to a minimum. If this is done, it is argued there will be sufficient revenue to meet ordinary expenses of Government, but not to redeem the Treasury certificates and Victory notes in 1923, amounting in all to about \$8,000,000.

Some financial experts hold that these obligations should not be redeemed, but should be refunded into

Do You Want Your Kidneys Examined On!

Kidney troubles are getting more common every day. Government health bureau figures say deaths from this cause are 71 per cent more than 80 years ago.

Anybody who suffers constant backache, who has dizzy spells, headache and urinary disorders should suspect kidney weakness. Overworked kidneys must have a rest. Take things easier; live more carefully. Take a good kidney remedy to build the kidneys up again.

But be sure to get Doan's Kidney Pills — the oldest, the most widely used, the best recommended of all kidney pills, now in use all over the civilized world. Ask your neighbor. Don't experiment with your kidneys. Thousands have already tested Doan's. You have their experience to go by. Plenty of cases right here in Maysville. Here's one:

Mrs. W. A. Schatzmann, 605 E. Second St., Maysville, says: "From the benefit I have received from Doan's Kidney Pills, which I buy at J. J. Wood & Son's Drug Store, I have every reason to recommend them. When my kidneys have been irregular in action, or I have suffered from weakness and lameness in the small of my back, I have used Doan's Kidney Pills. They have always proven sufficient to quickly cure an attack."

long-term bonds and canceled in fifteen years, when the condition of the Government will be such as to carry out the transaction without putting such a burden on present-day taxpayers.

Different schools of financiers will undoubtedly come into conflict when the subject of tax revision comes up in Congress. Underlying the differences, however, is the general agreement that the excess profits tax must be repealed. The struggle will come over whether a substitute tax is necessary or whether the present situation can be taken care of by extending the period of indebtedness maturity.

Agad Man's Life's Savings Were Preserved Largely Through Accident.

The San Francisco newspaper, a few days ago, chronicled the story of an old man whose life savings of \$900 were stolen. The old man kept his money in a tobacco sack in a suit case under his bed. He lived in a single room in a ramshackle house. One would think that such a place would be the last resort of an ambitious thief. Yet when the old man returned to his room in the evening the suit case and the money were gone. His plight in life was serious. It looked as if at the age of sixty years he would have to start over again. But the police found the money.

They discovered the suit case in a pawn shop. The pawnbroker said he had "lent" \$250 on it. His indifference turned to chagrin when the police opened it and extracted the \$900 from the tobacco sack.

The old man has learned a lesson. When he recovers from his joy he will probably do as he should have done before his money was stolen—invest it in Liberty Bonds and leave his bonds in the care of a bank.

With virtually every bank in the country offering to care for Liberty Bonds free of charge and to clip the coupons as they fall due and pay interest on them, there is no excuse for any intelligent American if he elects to keep his money in his room and loses it.

FARMERS IN GOOD SHAPE.

Crops in Missouri, Arkansas and Kentucky Considerably Above Ten-Year Average.

While the farmers in Missouri and Kentucky who raised wheat in 1920 obtained a yield somewhat less than the 10-year average, they more than made up for this on corn, which is considerably above the average.

In the latest monthly statement of the Federal Reserve Bank of St. Louis it is stated that the wheat yield for Missouri this year is 12.5 bushels per acre as compared with 14.3 for the 10-year average. The Kentucky wheat yield this year is 10.2 per acre as compared with 12.2 for the 10-year average.

Missouri's corn yield this year is estimated by the U. S. Department of Agriculture at 200,160,000, or 84 per cent, while the average for 10 years is 73 per cent. Arkansas' corn estimate is 58,232,000 bushels, 86 per cent for the 10-year average. Kentucky's yield is even greater—90 per cent as against 80 per cent for the 10-year average, with an estimated yield of 96,941,000 for this year.

With both wheat and corn bringing good prices, the farmers of these three states are preparing to make larger investments than ever in Liberty Bonds, which are selling considerably below par now, and to increase their holdings of Treasury Savings Certificates.

WHAT ABOUT YOUR BOND?

It is Just as Good Today as the Day You Bought It and is Worth Holding.

"Maybe you invested in Liberty Bonds for patriotic reasons; maybe you did so because they are the best investment in the world," says Scribner's Magazine. "Whatever your original motive, the same motive should impel you to manage your investment thoughtfully."

"In most instances it is unwise as well as unpatriotic for the investor to sell his Liberty Bonds. Probably the chief reason for selling a Liberty Bond is to provide funds for an emergency. An emergency can usually be met by borrowing at the bank, using the bond as collateral."

"The liberal offering of Liberty Bonds in the open market depresses their market price and causes the investor to sell his bond at an unnecessary loss. It is extremely poor judgment to exchange bonds for stocks or bonds of unknown character or to use Liberty Bonds in payment of merchandise. The broker or the merchant cannot offer you the equal in value of your Liberty Bond."

"If the selling of a Liberty Bond cannot be avoided, its sale should be negotiated through a banker or broker of known integrity who has facilities for handling the transaction at a very small cost."

HERE IS GOOD FINANCE.

City of St. Joseph, Mo., is Swapping Bonds and Making Money.

Frank Siemens, city comptroller of St. Joseph, Mo., on watch to increase the revenues of that city, has submitted an ordinance to the City Council directing the investment of municipal funds appropriated to retire bonds issued some fifty years ago, in Liberty Bonds at current market prices. A small part of these old bond issues still have been unredeemed by the bondholders and at present the city is drawing 2 per cent on the money held to meet them.

In submitting the ordinance, Mr. Siemens stated that with the ann at his disposal from this source, \$3,850, he could purchase \$4,450 worth of Liberty Bonds bearing 4 1/2 per cent interest yearly or \$189.37 as against \$77 now produced. In addition it held to maturity this investment would yield the city an additional sum of \$800.

This piece of finance illustrates in concrete terms the opportunity for profit which is presented to every investor by Liberty Bonds and Victory Notes at present prices. They are absolutely safe, they are backed by the entire resources of the nation and will be redeemed upon maturity.

You Can't Take It With You

The money and property which you have accumulated during your life must in time pass on to someone else. You cannot take it with you. Now is the time to arrange for it to be distributed according to your wishes. If you fail to do this the law will do it for you, but not in the way you would do it yourself.

Here we have every facility and safeguard for those who wish to leave their money in trust or to secure a reliable and experienced bank for an executor. We cordially invite you to call and talk it over with us.

TIRE EASILY

But Refuse To Believe That They Are
Tired Out—Run-Down

EVEN ATHLETES NEED TONIC

This Hasty Chap Admits It, and
Twice a Year Takes Pepto-Mangan
Red Blood Builder.

He is tall (almost six feet), weighs 185, plays golf, works his own garden, and is stronger than most men. He is the picture of health, looks as vigorous as a football player.

But he is a bit anemic, gets tired too easily, is inclined to constipation, is more nervous than a normal man should be, and is subject to disfiguring pimples.

He told all this himself, and added, "Whenever I have the sense or the member to take two or three bottles of Gude's Pepto-Mangan in the late fall and early spring, I am as right as a trivet. The trouble is, I forget. If I hired a doctor only to remind me to take Pepto-Mangan twice a year, it would be worth hundreds of dollars to me."

Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious diseases of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Advertisement.

"THE PIKE'S PEAK HIKER PARTY"

The above is the unique title given to a special Epworth Herald day program to be used at the Epworth League service at the Third Street M. E. Church next Sunday evening. Members and friends of the League are invited to attend and join the "Hiker's Party" that will attempt to scale the top of Pike's Peak. You will miss something strikingly and highly entertaining if you fail to attend this service. Come early and miss nothing.

GETS THIRTY DAYS FOR STEALING CLOTHING.

Peter Wiley, colored, was arrested last night as the man who has been stealing from back yard clothes lines. The articles stolen from the homes of Frank Hall, Wheeler Rasp and Mrs. Lytle, were found in his home. In Police Court this afternoon Wiley entered pleas of guilty to all three warrants. Judge Whitaker sentenced him to thirty days at hard labor on one of the warrants and fined the other two away.

HOPKINSVILLE OPENING DELAYED.

Hopkinsville, Ky., Dec. 1. — Because the weather has been unfavorable for stripping tobacco the loose floors will not open December 7 as had been announced. The Hopkinsville Tobacco Board of Trade held a meeting and decided to postpone the market's opening until the farmers have a chance to prepare their crops suitably and bring in considerable quantities. At present there could be only small offerings of inferior grades.

Pastime Today

"What is a blood barrier? Is it the difference between the races or the difference between red and blue blood, or the chasm between the high born and the lowly?" J. Stuart Blackton's masterpiece play presents SYLVIA BREMER and ROBERT GORDON in

The Blood Barrier

Written by Cyrus Townsend Brady. Can a woman love a man who is insanely jealous? Would you kill a man to free a woman from a brutal husband so you could marry her? Is jealousy in marriage a form of insanity? Would you exchange your fair name for the life of the man you loved? Can murder raise a barrier between two people who truly love? A heart play of a woman's love—torn between the brutal jealousy of a crazed husband and the chivalrous devotion of another man. A big super-feature in six acts with thrills galore.
